Dear Stephen

Here some days are about 73° there warm up to 85° depending each day. Hope that N.Y. relaxed on the weather.

There's some info from the internet & Calif.:

- www.google trailer home
 - 30,000 small houses. instant build
 - Mobile home dealers info used OR
 - Google trailer Parks
 - Super Factory homes
 - Google home → search → Gmail or YouTube or Mobile trailer
 - Some trailers are in Monroe, Duarke, El Monte or Artesia, Ca.
- This Shanty home is fair (not fancy). But the electric and plumbing come & go. So I want to move the landscape in this area.
- Here there are more jobs, less some making new jobs. You can do it, and there's different schools.
- Call or write about the news.

From me,
Mom
